ABOUT THE SHOW

After over 150 performances in LA, 100 performances Off-Broadway in NYC & 135 performances in Chicago, we took Lenny on the road & just celebrated **7 years and over 450 PERFORMANCES!** We've already had successful engagements in NJ, West Palm Beach, Tampa, Pittsburgh, San Diego, Toronto, Buffalo, Rochester, Houston, Detroit & more!

The show chronicles the life & battles of the most groundbreaking, impactful comedian of all time, Lenny Bruce. The show draws from his battles championing freedom of speech & also many of Bruce's original comedic bits & insights from his writings which are masterfully woven together by the show's creator & star, Ronnie Marmo & expertly directed by Tony Award winning stage actor, film & television star, Joe Mantegna.

WHY LENNY?

You may have heard of Lenny Bruce. **He is considered the “Godfather of Comedy.”** Bruce was arrested for his use of “dirty words” on stage in the 60s & he fought for free speech until passing the torch to George Carlin, Richard Pryor... all the way down to Dave Chappelle, Sarah Silverman & all your favorite comics.

Or perhaps, you've heard the name through the wildly successful show, **The Marvelous Mrs. Maisel.** This massive hit has introduced an entirely new generation of people to Lenny Bruce, widening the demographic for our show to be relatable to people of all ages & backgrounds. People are coming out in droves to learn more about one of their favorite characters from the show, Lenny Bruce.

Quite simply, it's financially & creatively easy to produce. We've played small houses in the **180 seat realm all the way up to 1800.** Our uniquely adaptable show has allowed us to play all types of venues from black boxes to auditoriums to extravagant Music Halls.

We have a proven **track record of success, tons of marketing material, an abundance of love letter reviews & built in fan bases** to target: General Hospital (Ronnie was a recurring character for 3 years), Criminal Minds (Joe Mantegna), Comics, Mrs Maisel, Free Speech

WHY NOW?

Lenny Bruce's voice is **more relevant now than ever before.** Freedom of speech on stage, screen & in the world is a daily news topic threatened by "cancel culture" & censorship. Lenny & others, fought for artistic freedom & social commentary, liberating nightclubs by turning them into free speech zones.

The feedback we've received from the likes of celebrities such as Billy Crystal, Tony Bennett, Patti LuPone, Richard Lewis etc... is that I'm Not A Comedian... I'm Lenny Bruce is the Biggest Smallest Show they've ever seen - **all the bells & whistles with a fraction of the overhead.**
